Dear Mr Webb

Thank you very much for your donation of £100.00 to CLIC Sargent raised by Rayne Youth FC parents at your recent fun football match. We are please to hear that CLIC Sargent were able to support the family in your village and send them our very best wishes.

I have a enclosed a Certificate of Thanks which I would be grateful if you could display as a way of saying thank you to everyone who helped raise such a fantastic amount

Did you know that each and every day 10 families are told their child has cancer or leukaemia?

Your contribution helps us to continue supporting these families, as the *only* charity that offers *all round* care and support UK wide. That's because we're there... caring every step of the way:

During treatment – providing specialist nurses, doctors, play specialists, Homes from Home

In hospital & at home – offering specialist social care and family support

In the community – providing specialist youth services, holidays, grants, helpline

After treatment – helping survivors, supporting those bereaved, research into treatments and causes

The enclosed leaflet shows how your donation could make a difference.

The care and treatment of children with cancer has come a long way and today seven out of 10 children diagnosed will survive. CLIC Sargent is committed to improving this figure further but in order to do this we need continued support from people like you.

Thank you so much for supporting children and young people with cancer and leukaemia.

Yours sincerely

KR Karen Roberts
Community Fundraising Manager- East Anglia

17/03/2011

Dear Kevin,

Thank you so much for your donation of £100 in honour of your local teenager who has successfully undergone his treatment. We're really pleased to hear he is doing so well.

Your generosity will help us to achieve our aim - to build enough specialist units so that by 2012, every teenager with cancer in the UK will have access to the support they provide, with improved lives and improved outcomes, from this terrible illness.

Every day in the UK, six teenagers are diagnosed with cancer. Facing the challenges of cancer during adolescence or young adulthood can be devastating. Teenage Cancer Trust builds specially designed, teen-friendly units in NHS hospitals that are sanctuaries for the young people that use them.

As well as providing teenagers with expert medical treatment and care, the units address their needs as individuals and are a vital part of the national strategy that aims to boost survival rates.

On behalf of all of us at the Teenage Cancer Trust – thank you.

Yours sincerely

Alice Watts
Regional Fundraising Executive (London)
